SUMMARY

Passionate and dedicated **Full Stack Developer** with over **1 year of experience** in front-end and back-end development, database management, and UI/UX design using Figma. Proficient in the **MERN Stack (MongoDB, Express.js, React.js, Node.js)** and **Next.js**. Skilled in building scalable, secure applications with optimized performance and modern authentication systems. **Continuously expanding expertise in system design principles** (Low-Level Design and High-Level Design) and agile delivery with a **growth-oriented mindset** towards mastering full-stack development and scalable systems.

EXPERIENCE

Frontend Developer

SLN SOFTWARES / Remote

Sep 2024 – July 2025

- Built responsive and accessible user interfaces using **React.js**, **Next.js**, and **Tailwind CSS**, and created reusable components to streamline development
- Utilized **Next.js** features such as **server-side rendering (SSR)**, **dynamic routing**, and **API routes** to enable efficient data handling and improve SEO and page performance
- Partnered with backend engineers to design and integrate data flows via **REST APIs**, enabling secure authentication and reliable communication between services
- Improved load speed by **35%** through optimized rendering, code-splitting, lazy loading, and other performance enhancements
- Translated **Figma** designs into clean, production-ready UI and iterated based on usability feedback to improve user experience

PERSONAL PROJECTS

TravelKashmir – SEO Optimized Tour Booking Platform for Kashmir

- Built a dynamic and **SEO friendly** travel booking website using **Next.js**, **Sanity CMS**, **Tailwind CSS**, and **Figma**
- Integrated **Razorpay payment gateway** with duplicate transaction prevention and automated receipt generation
- Implemented **Server-Side Rendering (SSR)** and optimized component rendering for **SEO performance** and fast page loads
- Enabled content management via **Sanity CMS** for non-technical users to update tours and blog content
- Enhanced user trust with compliance pages (Refund Policy, Terms & Conditions, Privacy Policy)
- Integrated **AI-driven chatbot** for real-time customer support and booking assistance

ShopIT - E-commerce Platform

- Built full-stack E-commerce platform using **React.js**, **Next.js**, **Node.js**, **Express.js**, **MongoDB**, **Firebase**, and **Tailwind CSS**
- Implemented **Redux Toolkit** for centralized state management, handling cart operations, user authentication state, and product data flow across components
- Developed **Node.js/Express** backend with dynamic product filtering, pagination, and real-time search that displays results as users type (e.g., "electronics")
- Engineered complete order lifecycle: **payment processing** → **payment confirmation** → **inventory updates** → **delivery tracking** → **goods delivered**
- Deployed** the complete application on **Render** for live demonstration and continuous integration

EDUCATION

Bachelor of Computer Applications (BCA), Computer Science, Kashmir University, Srinagar

Jan 2022 – July 2025

SKILLS

- Languages:** JavaScript, TypeScript, Python, C, C++
- Frontend:** React.js, Next.js, Tailwind, Zustand, Framer Motion, React Query, Axios, Figma
- Backend:** Node.js, Express.js, Python, Razorpay SDK, GraphQL, WebSockets
- APIs & Architecture:** REST APIs, API Development, Microservices Architecture
- Databases:** MySQL, MongoDB, Redis, PostgreSQL
- DevOps & Cloud:** Docker, GitHub Actions, AWS, Linux, Git, Vercel, Render
- Tools:** Firebase, Supabase, Prisma, Sanity, ChatGPT, GraphQL
